THE INQUIRY
Student Centered

INQUIRY LEARNING

INQUIRY LEARNING is a process that encourages YOU to explore the NATURAL or man-made world, and will lead YOU to ask questions, make discoveries, and test those discoveries in the search for new UNDERSTANDING.

SMART

THE INQUIRY PROCESS is driven by YOUR own CURIOSITY, WONDER, INTEREST, or passion to understand an observation or to solve a problem.

SMART

THE INQUIRY PROCESS begins when YOU notices something that INTRIGUES, SURPRISES, OR STIMULATES A QUESTION - something that is new, or something that may not make sense to YOU.

SMART
