## Book

*Create a book*

*Book:*

*A book can be a physical object or an online application. It can also be an audio file. For this purpose, consider a book as a stack of usually rectangular pages oriented with one edge connected. Books can differ depending on their characteristics. Most books would be comprised of the following elements.*

*Title*

*Cover page (title, Author)*

*Content page*

*Story*

*Glossary (optional)*

*Bibliography (optional)*
