Finding images online

Google Images is one of many search services that allow users to search the World Wide Web for image content. It requires the searcher to think about the key words that best describe the image they are looking for. The searcher can also use different filters to search for more specific images. Two important things to remember: are copyright of an image and resolution size. Some online image search tools are listed below:

*TinEye Reverse Image Search Engine,
Google Images, Yahoo Image Search,
Bing Image Search, Pinterest Visual Search Tool,
Picsearch, Flickr, Getty Images Shutterstock,
The New York Public Library Digital Collections*
