Using open Source images

Find the correct image that is free for you to use. Always provide evidence of the rights when using an image.

Open source images are either images free from copyright or under Creative Commons. Images free from copyright can be used for anything without any limitations. Creative Commons (CC) is a non-profit organisation that provides free licences for creators to use when making their work available to the public. These licences help the creator to give permission for others to use the work in advance under certain conditions.
