## T-Shirt

### *Design a T-Shirt*

*Quite often companies and organisations use T-shirts to promote an idea or message. Consider a key message that you would like to share, associated to the idea/understanding you are working on.*

*Create a headline message, be clear and concise, use clear font, colours that will appeal to the audience and appropriate images. Simple is best.*

*To create the image use a computer generated print that irons onto the T-shirt, or a silk screen a design.*

7

# Presentation

A large graphic featuring a white pen nib with a black barrel, positioned as if writing on a white notepad. The notepad has the text "My Big Question" written on it in a simple, black, sans-serif font. This central graphic is set within a circular frame consisting of an orange inner ring and a black outer ring. The word "Presentation" is written in a large, bold, black, sans-serif font, arching over the top of the circular graphic.
